U. S. Allots \$55,636 To Arlington Heights For New Grade School

Senator Lewis Telegraphs

Nathaniel Carlson, president of the Arlington Heights Dist. 25 school board, received Wednesday morning the following telegram from Senator Lewis:

Washington, D. C., Aug. 18, 1937
Nathaniel Carlson, President
Arlington Heights Public Schools

Public Works Administration advises that grant of \$55,636 has been made for Arlington Heights School, Illinois.

James Hamilton Lewis,
U. S. Senator

High School Ready For Opening

The Arlington Heights Township high school will open Tuesday, September 7th, at 8:25 a. m., and all students who expect to attend during the coming year should read carefully the following instructions relating to registration and the expenses which must be met prior to the opening of school:

All students who have not indicated the subjects which they wish to take should call at the school office during the next two weeks and see that they are completely registered as there will be no opportunity to register on the first day of school.

The school office will be open from 9:00 a. m. to 4:00 p. m.

During the next two weeks for the convenience of all those who have not registered. Such students as have registered and who find that they will not be in attendance should call the office and have their registration withdrawn so that there will be more room available for others in advance of the opening.

There is a probability that a two story building with ten or eleven classrooms will be constructed. At present there are eight rooms in use and some of these are overcrowded. Funds will probably not permit the construction of a gymnasium or assembly room. The board is looking towards the future and the probability that the future growth of Arlington Heights will be more towards the south and the present improvement for the northside will be the last for at least ten years in that part of town and rooms are more needed than the so-called extras.

Arlington Heights good fortune in securing the grant is no doubt due to the fact that both of the present buildings are old and especially the one of 1867 is a dangerous fire trap. The inability for the school district to pay all of the cost for the needed improvement was another advantage to Arlington.

The architect is Godfrey E. Larson, Inc., who has had considerable experience in school erection under the PWA.

Arlington Heights, with the possible exception of Des Plaines, has probably received more of the so-called "easy" government money than any other municipality in the Chicago area, including the water improvement, new park and swimming pool and now a new elementary school.

Henry Meierhoff, 81, Will Be Honored In Reunion Saturday

Henry Meierhoff, 81 years old, of Los Angeles, California, who is visiting relatives and friends in the neighborhood of Glenview and Northbrook, will be the guest of honor Saturday at a big family reunion to be held in the forest preserve of which the old Meierhoff homestead is a part. Mr. Meierhoff was born in a log cabin upon this property.

Mr. Meierhoff left this vicinity two years ago, first going to Florida and later to California, which is now his permanent home.

He is staying at the home of his nephews and other relatives and has been a busy man calling upon old time friends.

He intends to take a trip east to Niagara Falls and to Washington to call upon the president, if the latter has the latch string out. He is traveling alone and has as much energy as men twenty years younger. He even insisted helping the boys thresh the other day.

Pin Ball Machine Operator Offers Palatine Twenty Per Cent Cut

I. Ruttenberg, operator of various so-called pin ball machines that are operated for "amusement only," has instructed this paper to make a public offer to the village of Palatine of a 20% cut upon all machines that he is allowed to install within the village.

At present, so far as is publicly known, no cut for such machines are being made to any municipality in the northwest section of Cook county.

Mr. Ruttenberg was emphatic in his statement to the reporter that his machines should not be classed with gambling devices.

Driver Injured When Car Is Forced Off Road

A fractured left ankle was suf-

fered by Nicholas Fonella, 39, of 2035 Seventy-second Court, Elmwood Park, Thursday evening when the car in which he was riding was forced into the ditch at Wolf and Palatine roads. He was taken to the Northwestern hospital in Des Plaines for treatment.

Anthony Maggio, 130 South Sixteenth avenue, Maywood, driver of the car in which Fonella was riding, told police that the auto which crowded him off the road went on without stopping.

SAFETY LANE PROJECT IS SUCCESSFUL

SAFETY LANE AT ARLINGTON HEIGHTS IN OPERATION

The Safety Lane conducted by the Cook County Farm Bureau and the Illinois Agricultural Association with Mayor J. D. Flentie, the police department and the several garages of Arlington Heights was nearly 100% successful, according to our Farm Adviser, O. G. Barrett, who was responsible for bringing this project here.

In mentioning the co-operation of the Village authorities and the garages in general, it is only fair to mention specifically

Arlington Chevrolet Company.

Gaare Motor Sales.

Purnell & Wilson, Inc.

Roehler Motor Sales.

Schimming Service Station.

Winkelman Tire & Battery Shop.

Herman H. Wolf Motor Sales.

who furnished assistants to those in charge of the machine to help

with the checking and A. L. Bouffard, who furnished the electricity for the operation of the machine.

There were during the two days, Monday and Tuesday, a total of 538 cars tested. 239 were approved and 299, or slightly more than 50% were rejected.

Of the 299 rejected, 112 or approximately 40% made the necessary corrections, returned and were later approved. The one cause bringing the greatest number of disapprovals was that of brakes, there being 213 cases of faulty brakes.

Headlights were second with 172; stop lights, 95; tail light, 19; windshield wipers, 18, and last as well as possibly least were 2 with faulty horn.

In other words over 100 times as many had something wrong with their brakes as there were with

something wrong with the horn. The reason for this is possibly that we can all tell very readily if anything is wrong with our horn—and so can everybody else. If there is something wrong with our brakes oftentimes we don't appreciate it and certainly the other fellow doesn't appreciate it—he may not be alive so he could anyway.

The project met with such success, Mr. Barrett states, that the Farm Bureau without a doubt will have the outfit at Blue Island at some later date. The Safety Committee of Palatine Lions has appealed to the Farm Bureau to have the project carried on in Palatine and this, too, says Mr. Barrett, will be done just as soon as the machinery may be made available through the Illinois Agricultural Association.

Farm Bureau Remodeling Contract Let

G. W. Meyer, Original Carpenter Contractor Will Direct Remodeling.

Last Tuesday evening at the office of the Farm Bureau in Arlington Heights, the Property and Equipment committee of the Cook County Farm Bureau, composed of Daniel H. Bergman of Palatine, chairman, and Alfred Busse of Mt. Prospect, met to open and consider the bids for the remodeling of the newly purchased building.

As was announced several weeks ago the Farm Bureau has purchased the Arlington Heights State Bank building and it has taken some time to acquire title and for the architect to make the necessary plans and specifications.

At last Tuesday evening's meeting, the bids were opened and due consideration given to the several bidders with George W. Meyer of Arlington Heights—who by the way, was the carpenter in charge of the work at the time the building was originally constructed—receiving the contract.

In the contract and specifications as considered the second floor will be constructed in the front portion of the building with a balcony to extend on the north and east sides to add floor space and the necessary room for the Farm Bureau and its subsidiary organizations.

Mr. Meyer plans to commence operations and it is expected that the building will be completely remodeled and decorated ready for the Farm Bureau within a period of sixty days.

S. E. Baker of County School Office Becomes Asst. State Supt.

Mr. S. E. Baker, formerly principal of the Leyden Community high school and until this month assistant to N. J. Puffer, county superintendent of schools of Cook county, will take up his duties August 23 of assistant to John E. Welland, superintendent of public instruction of the State of Illinois.

Mr. Baker will be in the vocational education department and his duties will be largely in northern Illinois although he will reside in Springfield.

Mr. Baker has been in charge of the Glenview Volunteer Fire Department will also celebrate their 25th anniversary. The Centennial Booth will be a feature attraction and should be of interest to everyone. Chief Red Eagle and other members of the Sioux Indian Tribe of Minnesota, will give a demonstration of their tribal ceremonies.

There will be games and contests for both young and old, thrilling rides and a Mardi Gras parade.

A cafeteria under the supervision of the members of the Parent-Teachers association will again serve home-cooked meals in the Civic building. The ever-popular Bingo or corn game will be a feature, with prizes that will please all. The concert on Saturday afternoon will be furnished by the Prairie View Band and on Sunday afternoon the Glenview Civic orchestra, under the direction of Jesus V. Stevens, will furnish the music.

Glenview this year will hold its Centennial celebration in conjunction with Glenview Days on Saturday and Sunday, August 28 and 29, on the grounds opposite the Civic building.

Rural Fire League Official Makes Call To All Farmers

Mr. Fred W. Pfingsten, member of the Roselle Fire Protection League, has made a suggestion that would apply to all of the rural fire districts and which would no doubt be endorsed by the general membership of all such companies. Mr. Pfingsten says:

"All farmers driving to a rural fire should take with them as many milk cans of water as is possible. It has already been demonstrated that an ample water supply is as necessary as good fire fighting equipment.

"The pumps can take as much as 500 gallons a minute from a well and more from a city hydrant. Sometimes after a fire has been brought under control, the lack of sufficient water to extinguish it, causes the blaze to start up again and entail a heavy loss. Let us all work together and do not forget the milk cans of water."

Mt. Prospect Has Hectic Time With Ambitious Subdividers

In meeting last Tuesday evening the Mt. Prospect Village board definitely decided not to issue building permits to A. J. Jenkinson, a builder who asked for permits to build four homes in the Grimm subdivision of the village.

Mr. Meyer plans to commence operations and it is expected that the building will be completely remodeled and decorated ready for the Farm Bureau within a period of sixty days.

The buildings in question, according to plans, measure about 34 feet wide and 24 feet deep, including an attached or built in garage. The builder contended that inasmuch as the house plans include a bedroom over the garage, the garage should be figured as part of the main building—which viewpoint was not shared by the Village Board, which viewed the houses as being 22 feet by 24 feet in size.

The meeting last Friday evening attracted quite a number of home and property owners in the village, who expressed themselves in no uncertain terms—as objecting to the erection of these small homes on the theory that they would lessen the property values of surrounding properties.

Several legal angles were brought up in the discussions, one of which was if a building restriction actually exists on the property involved and furthermore whether the Village Board has the right to force a builder to adhere to building restrictions insofar as cost of the building is concerned.

Mr. Jenkinson, the builder, had his attorney with him Tuesday evening and the upshot of the meeting was that after the Village Board declined to issue the permits, Jenkinson's lawyer requested that the Building Commissioner put the refusal in writing. Apparently the purpose of this request was to place the builder's lawyer in position to bring the matter to court, which they threatened to do.

The Board based its decision on a written agreement they had from a local contractor, to build a house according to the specifications and plans of the particular building in question, for \$5,200, while the builder contended the building would cost \$6,619.

It is unfortunate, indeed, that a matter of this sort can not be settled amicably. Certainly we want new homes in our village—we need them very much—but at the same time the Board feels that it is up to them to protect the future home owner, and to do all in its power to uphold the property values that have already been established.

Homes as small as the ones proposed, in the Board's opinion, would tend to decrease surrounding property values, rather than maintain or enhance them.

When the cases came for trial Wednesday afternoon before Judge Henry Fritz they were continued to next Wednesday. The other 32 cases have also been continued to that date by Judge Charles F. W. Forberg. Attorney for the defendants is Joe Lustfield, Berwyn.

Boys Are Injured

Bert Taylor, who works at The Recreation, and Walter (Honey) Niebuer, were in an auto accident last Saturday night that caused minor cuts and bruises to the faces of both and badly damaged Taylor's car.

After leaving the show Bert and "Honey" were traveling west on Ballard road when a car going in the opposite direction, endeavored to pass the car ahead of it and hogged the left side of the road. To avoid a head-on collision, Bert took the ditch. He did not see the concrete culvert in the ditch and his car rammed into the culvert.

BENSENVILLE BOOSTERS TO STAGE HOME-COMING CELEBRATION SEPT. 6th AND 7th

Radio Given Away Here Each Night; Heine's Orchestra and Lee Perry's Swing Band To Play.

The Bensenville Booster club, through the medium of the press, are making an early announcement of their big Two-Day Homecoming celebration to be held at Koebbe's Pavilion and picnic grounds in Bensenville, Sunday and Labor Day afternoons and evenings, Sept. 5, and 6. The Boosters cordially invite the entire Bensenville populace and its neighboring towns to two glorious days of fun-making.

In addition to the many activities planned, a radio will be given away each night.

Two popular orchestras have been hired to furnish the dance music—Heine's orchestra for Sunday night and Lee Perry and his well-known Swing Band for Labor Day night.

Watch your local Paddock Publication for further Bensenville Booster club announcements.

It Was An Impromptu Meeting And An Impromptu Fishing Trip

Sid Page of the stage, is never at a loss for a cue and when he chance to meet Mr. and Mrs. Arthur Mess at Green Bay one day last week, it did not take him long to arrange a fishing date.

Mr. and Mrs. Art Mess were vacationing in Wisconsin and met Sid Page and family when they were arriving in Green Bay, when Sid was scheduled to stage a show at the Brown County Fair. The fishing party turned out to be a happy interlude; the fish in a receptive mood, was all that the Pageites could wish.

U. S. Allots \$55,636 To Arlington Heights For New Grade School

Official announcement of the long expected PWA grant for proposed Arlington Heights elementary school building was made Wednesday by Public Works Administrator Ickes, according to news dispatches from Washington. The amount of the grant is \$55,636, which added to the \$66,000 bond issue approved by the voters several months ago, makes available a total of over \$120,000 for the new building.

While the members of the local board of education have been reluctant to release any news to the press as to the probability of final government O. K., repeated inquiries from Washington during the past month was considered assurance that the Arlington Heights new school building was practically assured.

The bonds voted by the tax payers were sold some time ago and the money for the district's share of the new building has been on deposit in a Chicago bank for some time.

After repeated visits and surveys by representatives of the government, the final inquiry received within the last ten days asked for definite assurance by the government that the two present north side buildings would be razed.

Ickes said the list represents the first survey of all applications from schools having fire hazards. Preference was given to applications calling for demolition of old buildings. All applications for replacement of burned buildings were approved.

Arlington Heights is the only school in northern part of the state of Illinois that is included in the allotments that totaled \$18,933,458 in 41 states.

The board of education has been so optimistic regarding the construction of the building that conferences were held as late as Tuesday evening with the architect, regarding definite plans for the building and the preparation of bidding specifications. It has been suggested that the new building face State road leading for playgrounds all of the available space of the property owned by the school district.

There is a probability that a two story building with ten or eleven class rooms will be constructed. At present there are eight rooms in use and some of these are overcrowded. Such students as have registered and who find that they will not be in attendance should call the office and have their registration withdrawn so that there will be more room available for others in advance of the opening.

The expenses which must be met before the date of opening are as follows:

1. Book Rental Fee. The annual fee for all hard-cover textbooks needed is \$3.00 for the regular four major subjects carried, and proportionate added charge for extra subjects carried. This fee remains the same in spite of the fact that textbooks advanced in price 10-15% on July 1st, as all needed texts were ordered before that date.

2. Activities Fee. An annual fee of \$1.00 will be levied on all students which will include free admission to all school assembly programs, all regularly scheduled football, basketball, baseball and field and track events and games.

3. Special Subject Fees. Those taking the following subjects are required to pay a fee for visual education which covers the rental and transportation of motion picture films and other visual material: Gen. Science 20 cents; Biology 25 cents; Chemistry 25 cents; Physics 25 cents. There is also a fee for chemicals for those taking Chemistry of \$1.00.

4. The following deposits are required for keys in the subjects indicated, such deposits to be returned at the end of the year upon the return of the keys issued: Clothing and Bookkeeping 25 cents each; Chemistry 50 cents. A breakage deposit is also required for the subject of Chemistry of 50 cents to cover the breakage of glass equipment, and the unused portion of the deposit is returned at the end of the year.

No fee or charge is made for the use of lockers, but all students must keep their lockers locked and must provide themselves with a padlock of the combination variety. These locks are sold at the school at cost, or may be purchased elsewhere.

All students transferring from high school or entering from a grade school outside this school district must request their previous principal to forward their credits direct to the Township High School of Arlington Heights, Ill., before they can be finally accepted as students of this school.

All fees must be paid and all textbooks must be issued before the opening of school. Please draw your books and pay your fees some time during the week preceding the opening of school as the books and records will be ready for you at that time.

DuPage Treasurer Says Local Officials Must Publish Annual Report

While Chicago senators amended the original bill referred to below, thereby exempting treasurers in Cook County, the fact still remains that it is the intent of the law that treasurers of public funds publish annual reports. Records show that in 80% of the cases, no publication of reports were made by treasurers who misappropriated

Distribution of taxes totaling \$110,000 was made by the office of County Collector Arthur L. Hellier of DuPage County late last week. The distributions, made to the numerous and varied taxing bodies of the county, were accompanied by a copy of the new state law requiring custodians of public moneys to file and publish statements of the receipts and disbursements thereof, and to repeat an act to require officers having in their custody public funds to prepare and publish an annual statement of the receipt and disbursement of such funds.

The new act requires the publishing of:

All moneys received and from what sources received, giving items, particulars and details.

All moneys paid out, giving the name of each individual to whom paid, on what account paid, and the amount.

Such a statement shall be subscribed and sworn to by the public officer making such statement, and within thirty days after the expiration of such fiscal year shall be filed in the office of the county clerk of the county in which such public officer resides.

In counties having a population of less than five hundred thousand, if such officer in the discharge of his official duties, he shall, in addition to the duties already imposed by this Act, file with the county treasurer a copy of such published statement accompanied by a certificate showing the date of publication and signed by the publisher of the newspaper in which such publication is made. Unless such certificate and copy of the published statement are filed with the county treasurer within sixty days after the expiration of each fiscal year, the county treasurer shall withhold payment to such public officials of any and all funds until receipt of the certificate and copy of the published statement.

The celebration this year is under the direction of the Civic division of the Glenview Chamber of Commerce, and the following officers and chairmen of the various committees are in charge:

Frank Rogen, chairman.

Otto J. Lamberg, secretary.

Sub-Committees

Edwin F. Rogen, chairman—Finance.

Richard Gould and Ray Pearson, Co-chairmen—Program.

Edward F. Wallbaum, chairman—Publicity.

Richard Appleyard, chairman—Concessions.

Henry F. Mueller, chairman—Construction.

Raymond Burmeister, chairman—Auto Raffle.

Judd Lynn, chairman—Electricity.

William Hagen, chairman—Dance.

C. Ladendorf and Clinton Brown, co-chairmen—Refreshments.

Otto J. Lamberg, chairman—Corn Game.

H. F. Lohman, chairman—Park-ing.

James W. Carpenter, chairman—Registration.

Owen Barber, chairman—Bar.

L. A. Paulson, chairman—Public Address System.

B. E. Gould, chairman—Music.

Games and contests will be under the direction of the Glenview Recreation Board.

Section 6 reads: In addition to the penalties provided for in the foregoing section, any public officer, or any publisher, subject to the provisions of this Act, failing, neglecting or refusing to discharge any duty imposed upon him by this Act shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum not less than twenty-five dollars nor more than five hundred dollars or imprisoned in the county jail not longer than one year, or be punished by both such fine and imprisonment in the discretion of the court.

Felix McFarland, deputy collector and treasurer, said that Mr. Hellyer's office would abide by the law, and that unless compliance was made in full, the moneys would be withheld. Unless public officials carry out the letter of the new Act in full, there may result some interesting complications.

Palatine people congratulate Alex upon his success and those who know him know that he will make good in his new position.

Autos Collide But No One Was Injured

Mr. Baker has been in charge of division two of the Cook County schools, comprising the townships of Wheeling, Northfield, Niles, Evanston, and New Trier.

Glenview Superintendent To Take Baker's Place

Mr. Milton Bollman, superintendent of the Glenview schools has been appointed by Mr. Puffer to take the place made vacant by the departure of Mr. Baker. Mr. Bollman has had rural and elementary school experience, holds a degree and is thoroughly familiar with school management and the special problems that confront Cook County schools.

The new act requires the publishing of:

Lutheran Laymen's Leagu News

On Aug. 20 all members are requested to meet at the school at 7 o'clock sharp. From there we will go in a body to the recreational park where the horseshoe, shuffleboard and croquet courts have been reserved for the evening. Let's all be there and make it an enjoyable evening. A short and snappy meeting will be held in school afterward.

Des Plaines Men's club has challenged us to a softball game to be played at Northwestern Park, Des Plaines, Aug. 26. If there are any members who desire to play and haven't been notified as yet, get in touch with Raymond Dieball. All members are urged to go. We need your support! Entertainment and refreshments in the Des Plaines school after the game. Since the game is to start at 7 o'clock, you are asked to please be at the school no later than 6:30. There will be enough room in cars to accommodate any and all who wish to go.

All aboard! Are you ready to get into the harness again? Sept. 17, the third Friday of the month will be celebrated with a supper at 7 o'clock sharp. A guest speaker has been secured for that evening and it promises to be an event well worth attending. Tickets will be on sale by members of the board about two weeks in advance. Can we count on you to be there?

G. A. R. Ladies Present New Flag to Reinberg; Storm Wrecks Old One

A violent storm finally ended the long and faithful service of "Old Glory" on the stately pole at Camp Reinberg. The vigilant eye of a staunch patriot quietly detected the accident and informed the proper people who in turn decided to replace the old flag with another of its kind.

That was the reason why the "Lady Washington Circle" No. 15 of the Ladies of the Grand Army of the Republic was present on Sunday evening. The event was a gala one. The Camp was particularly neat and clean and flags flew from every building. At 5 o'clock all was in readiness. In the name of the Cook County Commissioners, and the Bureau of Public Welfare, Stanley O'Carroll, Camp Superintendent, accepted the flag from Mrs. Evans. Mrs. E. Erbaut and Mrs. Anne Vinton Barnes, past president of the circle addressed the campers. Both touched on the one patriotic theme—our flag and its glorious history. Among the other members and friends present at the ceremony were: Mrs. O. Langhoff, president; Mrs. M. Follett, patriotic instructor; Mr. A. Barnes of Elmhurst; Mr. and Mrs. W. R. Evans of Chicago; Mr. J. D. Evans of Palatine, and Eugene and Richard.

Mrs. Leo Vernon and sons were the guests of her sister, Mrs. S. B. Roney at the Riverside County club last Friday, and enjoyed a day of golfing and swimming.

Mr. and Mrs. C. N. Verrett celebrated their fourteenth wedding anniversary Wednesday, August 11.

Mrs. J. B. Martin of Michigan City, Ind., spent Thursday here with Mrs. J. Gehring.

Miss Marian Mueller has returned from an enjoyable two week's vacation spent at Shady Beach Resort on Lake Sarah in Minnesota, with the Mosman family.

Robert "Bobby" Smeby, young son of Mr. and Mrs. R. P. Smeby, is visiting his grandmother in Chicago.

Populus Japan

Japan, which is of the same area as Sweden, has a population 15 times as great.

Leona Maleske, Bride of Geo. Shaw; Mt. Prospect Church Wedding

St. Paul's Evangelical Lutheran church in Mt. Prospect, was again the scene of a beautiful summer wedding when Leona Maleske, daughter of Mr. and Mrs. Otto Maleske of Mt. Prospect and Geo. Shaw, son of Mr. and Mrs. Geo. Shaw of Bensenville, were united in holy matrimony by Rev. J. E. A. Mueller last Saturday evening, August 14, 1937, at 8 o'clock.

The bride, attractive in a white satin gown with a long train and a finger tip veil, was given in marriage by her father. She carried a bouquet of white roses and lilies of the valley. Her sister, Verna, served as maid of honor and wore a gown of turquoise blue with a peach undertone. She carried a colonial bouquet featuring yellow tea roses.

The groom was attended by his brother, Ed. Both were immaculate in white suits with pink rose buttonholes. Mrs. Shaw and Mrs. Maleske were chic in blue chiffon dresses adorned with corsages of tea roses.

An impressive ceremony was accentuated by the address of the bride's brother, Harold, whose subject was: "Draw Nigh Unto God and God Will Draw Nigh Unto You." The altar before which the wedding party stood was glorified in the dusk of the evening with dim lights and large baskets of colorful garden flowers on either side.

Following the wedding ceremony a reception was held at the V. F. W. club house for about seventy-five relatives and close friends of the couple.

The happy bride and groom—very popular in Mt. Prospect and Bensenville—will be at home to their hosts of friends at 188 Walnut street in Bensenville after a short honeymoon trip to the Great Lakes Exposition at Cleveland and to Niagara.

NOTICE TO PATRONS

The Dreyer Electric Co., Vail Davis building, will close this Saturday at 6 p. m.

Mrs. Raoul Peeters and sons of N. Dunton, left home Saturday morning to motor to Blue Lake, Minocqua, Wis., where they will enjoy a real outing and hope to avoid hay fever conditions.

Mrs. C. E. McWharter and children are spending several days this week at the family cottage, Lake Geneva.

Mrs. Engel and daughters from the city are visiting her parents, Mr. and Mrs. W. C. Muller on W. Fremont.

Mr. and Mrs. Paul Hoffman and children are enjoying a motor trip to Niagara Falls and other points of scenic interest.

Monday, Aug. 9, when Mr. Raoul Peeters was substituting in a ball game with some of his office associates, who were playing in Grant Park, in trying for a base, he slid and sprained one of his ankles. Since then, he has been suffering pain and inconvenience, but like a good sport, he has gone back to work in spite of his lameness.

Miss Elsie Langhoff and father, F. W. Langhoff from Palatine, called on friends here last week Wednesday.

Norman, son of Mr. and Mrs. Clarence Stadler of W. Campbell, is suffering from a broken arm, caused by a fall several weeks ago, which at first didn't seem to be serious, but has since developed into a seriously painful fracture.

Miss Grace Buetler of Palatine, visited friends here last week Wednesday and attended the luncheon in Presbyterian hall.

Mrs. J. J. Rubner, W. Campbell went to Milwaukee last week to attend the funeral of a relative.

Mrs. Neuling, her son, Lawrence, daughter, Hazel, and Mrs. Marie Miller from Chicago Heights, spent Sunday in the home of their sister, Mrs. H. M. Blume, E. Miner.

Mrs. Elizabeth Banta-Mullen from the city, spent last Wednesday with her mother, Mrs. N. M. Banta, and attended the luncheon in Presbyterian hall.

Miss Malek, who is with Mrs. Crucikshank in her home, N. Evergreen avenue, returned to her work in the city after a two weeks' vacation.

The Reuben Davis family who have been in the Deerfield district since leaving their home in N. Douglas avenue, have recently moved to Des Plaines, where the Public Service Co. has transferred Mr. Davis to a new location.

Mr. and Mrs. H. C. Malzahn, accompanied by her sister, Mrs. Chas. Cosmin, have been enjoying a motor trip east during the past ten days.

Mr. and Mrs. Elmer Crane went to the city to visit a friend, Mr. Al. Johnstone, who had a fall recently, causing a fractured hip and other injuries. He is having care in the Woodlawn hospital.

Mr. and Mrs. Jas. Conner of Springfield, called on friends here last Thursday. They were returning from Belding, Mich., where they spent their honeymoon with their uncle, Jos. Roth and family. Mrs. Conner, nee Louise Roth, daughter of Mr. and Mrs. Harold Roth, has many schoolmates and other friends here, who were glad to offer congratulations and good wishes to Louise and her husband.

Mr. and Mrs. Edw. Frits and children are at home after a vacation spent with relatives at Calvary, Wis. They report that small grain crops are good up there and the recent rain will increase the potato crop, so we may hope to share in their abundance.

Mrs. A. V. Crisler and daughters, Misses Frances and Amy, called on relatives here Saturday. They have recently returned home from a trip to the western coast, seven thousand mile drive without any accident. When they got to their home near Glen Ellyn, they found grasshoppers had devoured all vegetation excepting ragweed on their lawn, leaving it almost as barren as the desert they drove through.

Mrs. Eugene Whitmore and children, have many friends here, who will be interested to learn they are planning to leave their home in Glen Ellyn to be with a sister, Mr. Whitmore in De Kalb.

Aug. 4, evening, the primary department of Presbyterian Sunday school, gave an ice cream social to a large company. The lawn was decorated with attractive tables, the service given by the young maidens, was a pleasure to behold. The receipts were satisfactory to all who had helped make the affair a success. Last Wednesday a satisfying luncheon was served by members of the Misses Muller and Padock classes. Plenty and promptness marked the occasion ending with a short program. Miss Barbara McWharter sang several numbers in a clear, sweetly unaffected voice, accompanied by her mother at the piano. Miss Loraine Muller gave piano accompaniment for tap dancing of Carol Engel, a charming little dancer and Annalisa Wood, who gave a pleasing number. Tap dancing is a fine way for the rising generation to work off surplus energy. The amount of cash cleared was very heartening to everyone.

Mr. and Mrs. Harry Sebert and children took a boat trip to St. Jo, last Thursday.

Mrs. C. B. Kopke and son, Jim, of Waukon, Iowa, are visiting Mrs. Kopke's sister, Mrs. Dalrymple this week.

Miss Florence Patrick returned Monday evening from Cornell, Iowa, where she has been attending summer school.

Mrs. Alma Ihle, 418 So. Evergreen, who recently had an operation in a city hospital, is reported

Joy Riding Alderman Delays Meeting Of Arlington Board

Frank Daniels of Palatine and Alderman Geo. Klehm of Arlington Heights are close friends and thus when Frank purchased a new Pontiac, he invited Alderman George to accompany him upon a trout of the new auto. It was Monday and Mr. Klehm of course expected that Frank would get him home in plenty of time for him to attend the regular meeting of the Arlington Heights village board.

But, it was a new car and Frank, of course, could not drive over 50 miles an hour, even if they were as far off as Fort Atkinson, Wis. near the scene of a recent fishing escapade of the two.

In the meantime, Mayor Flentie called the meeting to order and there were only three members present, one less than a quorum. Every ten minutes a phone call was made to Mr. Klehm's house inquiring if he had returned. The board discussed all the business that was before them, O. K.'d the bills and did everything else except to take official action, which would be impossible without a quorum.

As the time dragged on the members registered their vote with the village clerk, who was directed to stay until Alderman Klehm arrived in order that the fourth vote could be recorded.

How long Art McElhose stayed on the job waiting for the arrival of the joy riding Alderman, no one knows, except that the next morning the clerk was able to close his minutes, recording the vote of Alderman George with the other three.

Judge Neuman Holds Courts Tuesday and Collects \$96 in Fines

Tuesday morning was court day in the Arlington Heights police magistrate's court of Judge Neuman and fines totaling \$96 were collected, which with the fines of a week earlier total nearly \$150 for the village treasury. In the present safety drive of the local police department the officers are insistent that speeding be stopped as well as the running of the stop lights. With an adequate police force the safety patrol is becoming effective.

It is surprising of the number of people who do not obey the stop lights and occasionally there is a Chicago man who thinks that he can speed with immunity, through town at 60 to 70 miles an hour.

However, the majority of the autoists appearing in Judge Neuman's court leave with nothing but kindly words for the officers who were only doing their duty and for the judge who endeavored to give them a fair break.

But wait until the local police bring back two or three of those autoists who think they have outwitted the local police sent to their Chicago homes to enforce their appearance in the local police court. There are two of such cases now and little leniency will be shown.

The fixing of tickets is taboo in Wm. Neumann's court. So if you have a friend who asks you to intercede for him, politely tell the friend that a minimum fine is the best that can be done.

Arlington Instructor Receives Masters Degree At Columbia

Miss Donna Marie Volz, instructor at the Arlington Heights high school, who has spent several summers at Columbia University, New York, has received her Master's Degree.

Geo. K. Volz, father of Donna Marie, left Arlington Heights early this week for New York, where he will be joined by his daughter and Miss Lois Gould. The three will motor to Boston, Maine, Quebec, Montreal, North Bay and of course, Collander, to meet the Quints. The party expect to be home in time for Labor Day.

Arlington Police Asked To Police Local Barn Yard

A new complaint was informally referred to the police department to the Arlington Heights aldermen Monday night. It seems that some neighbors to other neighbors are objecting to the practice of the live stock of neighbors No. 2 invading the gardens of neighbors No. 1 and eating the crops. The latter asked the police department to arrest the chickens and ducks. The police department desired to know if they should detail a man for that purpose.

Mayor Flentie came back with a story of years ago when he was an alderman. A resident complained to the village board that his neighbor

had planted corn so close to his bedroom window that the rustling of the leaves of the stalks were keeping him awake nights.

IN MEMORIAM

In memory of our dear daughter and sister, Darlene Nebel, who passed away Aug. 22, 1936.

The sun and moon are shining, On a long and silent grave; Beneath lies one we dearly loved, But whom we could not save.

Friends may think we have forgotten,

When at times they see us smile; Little do they know the heartaches That our smile hides all the while.

Joy Riding Alderman Delays Meeting Of Arlington Board

Frank Daniels of Palatine and Alderman Geo. Klehm of Arlington Heights are close friends and thus when Frank purchased a new Pontiac, he invited Alderman George to accompany him upon a tryout of the new auto. It was Monday and Mr. Klehm of course expected that Frank would get him home in plenty of time for him to attend the regular meeting of the Arlington Heights village board.

But, it was a new car and Frank, of course, could not drive over thirty miles an hour, even if they were as far off as Fort Atkinson, Wis., near the scene of a recent fishing escapade of the two.

In the meantime, Mayor Frentie called the meeting to order and there were only three members present, one less than a quorum. Every ten minutes a phone call was made to Mr. Klehm's house inquiring if he had returned. The board discussed all the business that was before them, O. K'd the bills and did everything else except to take official action, which would be impossible without a quorum.

As the time dragged on the members registered their vote with the village clerk, who was directed to stay until Alderman Klehm arrived in order that the fourth vote could be recorded.

How long Art McElhose stayed on the job waiting for the arrival of the joy riding Alderman, no one knows, except that the next morning the clerk was able to close his minutes, recording the vote of Alderman George with the other three.

There are several methods of treating this condition, but all aim at eradicating the enlarged veins. Years ago this condition was a surgical problem. Sections of the offending vein were removed from the leg, leaving disfiguring scars. The use of elastic bandages and rubber stockings have had their vogue and are still in use to a certain extent.

For the past decade a much improved method of treating varicose veins has been in rather common use. This consists of injecting into the offending vein a solution that will cause its obliteration. This treatment is given in the office at regular intervals, and allows the patient to go about his regular duties with no interruptions. Because of its simplicity and relative painlessness, it has become a very popular method of treatment for varicose veins. When performed properly, this procedure will eradicate the varicose veins, improve the blood supply to the leg and permit the varicose ulcers to heal, and unless more varicose veins should develop in later years no further trouble need be anticipated.

Judge Neuman Holds Courts Tuesday and Collects \$96 in Fines

Tuesday morning was court day in the Arlington Heights police magistrate court of Judge Neuman and fines totaling \$96 were collected, which with the fines of a week earlier total nearly \$150 for the village treasury. In the present safety drive of the local police department the officers are insisting that speeding be stopped as well as the running of the stop lights. With an adequate police force the safety patrol is becoming effective.

It is surprising of the number of people who do not obey the stop lights and occasionally there is a Chicago man who thinks that he can speed with immunity, through town at 60 to 70 miles an hour.

However, the majority of the autoists appearing in Judge Neuman's court leave with nothing but kindly words for the officers who were only doing their duty and for the judge who endeavored to give them a fair break.

But wait until the local police bring back two or three of those autoists who think they have outwitted the local police sent to their Chicago homes to enforce their appearance in the local police court. There are two of such cases now and little leniency will be shown.

The fixing of tickets is taboo in Wm. Neumann's court. So if you have a friend who asks you to intercede for him, politely tell the friend that a minimum fine is the best that can be done.

Arlington Police Asked To Police Local Barn Yard

A new complaint was informally referred by the police department to the Arlington Heights aldermen Monday night. It seems that some neighbors to other neighbors are objecting to the practice of the livestock of neighbors No. 2 invading the gardens of neighbors No. 1 and eating the crops. The latter asked the police department to arrest the chickens and ducks. The police department desired to know if they should detail a man for that purpose.

Mayor Frentie came back with a story of years ago when he was an alderman. A resident complained to the village board that his neighbor

had planted corn so close to his bedroom window that the rustling of the leaves of the stalks were keeping him awake nights.

[QUESTIONS THAT ARE ASKED ABOUT BANKING]

"What does a Bank mean by
'Uncollected funds'?"

THIS question can best be answered by an illustration. Suppose you receive from John Jones a check for \$10 written on a bank in another city. You bring the check to us, endorse it, and deposit it in your checking account here.

Your account is credited with \$10 on our books. This \$10 then becomes "uncollected funds" until we send the check to the bank on which it was drawn and receive the money or equivalent credit. You do not have the money in your account to draw upon until we collect it, for the money belongs to John Jones.

Through the American system of correspondent banking we are able to handle the collection of checks from one city to another with ease and rapidity for the convenience of our customers.

Local Drivers Cause Most Accidents

Suburban Safety Council Figures Show Local Auto Drivers Are Careless

Now and then we meet people who try to impress us with the fact that it is the out-of-town driver, the "Chicago Driver" or the motorist from the farm, who is involved in accidents most frequently.

Accident facts, however, do not verify such statements. It is the local drivers, who reside in the Metropolitan Area, that are causing the most damage and who succeed most frequently in having their names entered on the accident report. Of the 5,003 drivers who have been involved in accidents in 21 suburban cities and villages in Cook county of 5,000 population or more, 2,330 (46.6%) were local drivers involved in accidents in the "old home town." The good neighbor from the next town, who should know the hazards, operating conditions and regulations in immediately adjoining communities as thoroughly as those in the municipality within which he resides, adds another 13.2 per cent to the local accident-driver total. That makes 59.8 per cent, or 2,889 local drivers who have become involved in accidents since January 1, 1937. Drivers from more remote Cook county cities and villages, from other population centers in adjoining counties and other Illinois cities as well as from other States, account for only 15.7 per cent of the accident-driver total. Chicago drivers comprise 20.3 per cent of the total. The residences of the remaining 4.2 per cent are unknown.

Someone is certain to arise at this point and state that these figures are only natural. There are many more local drivers on the streets of the various communities and that this accounts for the fact that in some communities the percentage of local accident drivers is extremely high. True—but it does not take into account that there are at least six cities and villages in Cook county in which the percentage of local drivers plus that of drivers from adjoining towns involved in accidents is less than the percentage for accident-drivers from all other areas combined.

A number of circumstances may contribute to this condition. Location of heavily travelled thoroughfares with respect to the built-up or congested district of a community, isolation of heavily travelled routes, the relation of local traffic to through traffic on important arteries all have an influence on the percentage of local accident-drivers. These conditions may reduce the number of such drivers. In addition, local drivers may have a wholesome respect for enforcement and regulations in their respective communities. However, physical conditions, traffic control devices, and special regulations may be confusing to strangers in the six communities referred to. These conditions coupled with a preponderance of through traffic would tend to increase the percentage of out-of-town accident-drivers.

Girls, Here Is Your Chance To Get Into The Newspapers

A Sunday Chicago newspaper has asked Mayor Flentie to have from 15 to 25 girls at the shuffle board courts in Recreation park Monday afternoon between two and three o'clock. Shuffle board is news and in telling to the waiting world about its popularity in Arlington Heights, the news editor wants a picture of some pretty Arlington Heights young ladies to lend attractiveness to the courts.

comparison between local drivers involved in accidents locally and in other communities. Every community which is a member of the Suburban Safety Council, is in varying degree productive of accident-drivers in neighboring municipalities. An average of 13.2 per cent of the total accident-drivers resided in neighboring communities. An effective attack on the accident-driver cannot be accomplished without cooperation between communities. True—the problem of applying remedial measures to the accident-driver is local in most cases, but without respect to local municipal boundaries. Every municipality is obligated in varying degree to each of its neighboring communities in furthering those safety services which may be of mutual benefit in attaining a reduction in the number of local drivers who become involved in nearby communities.

Local Men Organize Arlington Saddle Club

Arlington Heights has its own Saddle Club. Recently reorganized with a number of local men interested in the venture, the men and women who enjoy horse back riding can satisfy their whim in that regard. The club is located on Algonquin road east of Arlington Heights road.

If there is an increasing interest among local people to engage in horse back riding, the forest preserve will install regular bridle paths in Elk Grove, the same as have been established in some of the other preserves. At present there are any number of cross country roads that are ideal as bridle paths.

Riding is coming back into its own and the younger generation is returning to the sport.

Des Plaines Man Wins \$10,000 Prize Of Chicago Newspaper

Big money hit Des Plaines last week, when the Chicago Herald and Examiner announced that Harry A. McLaughlin of Burlington, Iowa, with perfect scores after three sets of elimination puzzles, is one of the \$10,000 winners, duplicate prizes having been awarded to both top contestants.

Younger Democrats Plan Picnic

Northwest Country Towns Unite in Big Picnic at River Forest August 29.

Young Democratic leaders from the Northwestern Country Towns are playing an important part in the Young Democratic picnic which is to be held on Sunday, August 29, at the Thatcher Woods Forest Preserve in River Forest, Ill. Cecil Meyer of Arlington Heights is sectional chairman in charge of activities for the Northern and Western Country Towns of Cook county. Martin Tonne of Elk Grove township is co-chairman of the committee on arrangements. Wm. Schmidt of Arlington Heights is a member of the committee on attendance and Wallace Oefelein of Arlington Heights is a member of the committee on special events.

The affair promises to be the outstanding political picnic in this part of the state. Practically every important public official from Governor Horner down has given their assurance that they will be present. While no definite statement has been made, negotiations are under way to secure the presence of James Roosevelt as the Guest of Honor.

Starting at two o'clock with a baseball game between the City Ward Champions and the Country Town Champions, a complete program has been planned. An excellent number of games and competitive sports have been arranged for the young boys and girls with prizes to be awarded to the winners. Dancing will commence at 4:30 in the pavilion to the music of Earl Nienow's Melody Masters. The orchestra will be augmented by radio and night club stars, such as Tommy Lang of WBBM, Guy Colby and Francis Creedon.

From present indications, it would appear that a crowd of at least ten thousand will be on hand to help make the affair the largest of its kind to be held this year. The picnic is being held under the auspices of the Young Democrats of the Country Towns of Cook County. Dr. John Meade of River Forest is general chairman. The other section chairmen besides Cecil Meyer are Joseph Mirabella of Oak Park, who is section chairman of the Western Country Towns and Emmett Flavin, Jr., of Palos Park, who is section chairman of the Southern Country Towns.

From present indications, it would appear that a crowd of at least ten thousand will be on hand to help make the affair the largest one of its kind to be held this year. The picnic is being held under the auspices of the Young Democrats of the Country Towns of Cook County. Dr. John Meade of River Forest is general chairman. The other section chairmen besides Cecil Meyer are Joseph Mirabella of Oak Park, who is section chairman of the Western Country Towns and Emmett Flavin, Jr., of Palos Park, who is section chairman of the Southern Country Towns.

For the ceremony the bride's mother, Mrs. J. Y. Beaty wore a blue crepe dress with white accessories and the groom's mother, Mrs. D. Caldwell was gowned in black with white accessories.

The bride spent most of her girlhood in Arlington Heights, later moving to Oak Park and Evanston. She attended the National Co-educational college of Evanston for two years. She had the unusual experience of touring Europe for five weeks as a member of a large Marimbo band.

The groom is attending University of Chicago night school and is employed as chief cost clerk for the Illinois Plant of the American Can Co. of Chicago.

The young couple will be at home at 1409 Farwell avenue, Rogers Park after August 28.

Those attending the wedding from out of town were Mr. and Mrs. Justin Smith, uncle of the groom of Bradenton, Florida; Mrs. D. Caldwell, mother of the groom from Iowa; Mr. and Mrs. K. I. Thayer of New York City; C. J. Rowles and Kenneth Thayer of Cleveland, Ohio; Dr. and Mrs. H. M. Sheaff and family of Oak Park; Mr. and Mrs. R. J. Anderberg and family of Oak Park; Gilbert Davies of Oak Park; Mr. and Mrs. Wm. A. Darragh and daughter, Oak Park; Mr. and Mrs. V. D. Angerman, Dr. and Mrs. Craig D. Butler and family of Oak Park; Mr. and Mrs. Chas. Melchheimer, Mr. and Mrs. Dave Alexander, John Hoatman, Leo Phillipi, Miss Maxine Greenhagen, Rev. W. B. Waltmeier and family of Chicago; Mr. and Mrs. John Fagan of Elmhurst; Mr. and Mrs. Floyd Simpson of Evanston; Mrs. A. Park and daughters of Glencoe; Mr. Fred Barrows of Kennilworth; Donna Jean Udell of Highland Park; Miss Alice Elliott of Muncie, Indiana.

Mr. John D. Sealock, father of Mrs. H. Ashton, Carlyle Place, Stonegate, died at the home of his daughter Tuesday evening. The funeral will be held at the late home of the deceased at Reinersville, Ohio upon Friday.

Deceased was 76 years old and leaves five children. He has resided in Arlington Heights since last fall.

This Is Your Column -- Help! Help!

The Arlington All-Stars softball team's third official game as a unit . . . and this department sincerely hopes it will be the last . . . wound up as a 3-2 defeat at the hands of the strong Johnson Electrics of Des Plaines . . . over the full nine-inning route played under the lights Sunday night at Des Plaines' beautiful new Municipal Park. A crowd of about five hundred saw the thrilling contest.

Highlights of the evening . . . Sword's three inning one hit relief pitching performance for the All-Stars, and La Mantea's perfect batting average with two hits and two walks in four trips to the plate for the Johnsons . . . The umpiring . . . handled by a youth in his middle teens . . . cost the All-Stars at least two runs . . . on some inaccurate guessing on balls and strikes and decision at home plate and third base . . . Both teams played spectacularly afieid . . . Des Plaines committing the game's only error.

* * * * *

Roselle marched on to its fourteenth consecutive league victory of the season Monday night . . . brushing aside Churchville by a 4-1 score . . . thereby winning both halves of the Northern Du Page County Softball League race and undisputed championship for 1937. Churchville . . . up until Monday night's battle . . . had also been undefeated in the second round . . . Both pitchers . . . Binneboese of Roselle and Fandale of Churchville pitched fine ball . . . the former allowing but three hits and the latter six . . . Three Churchville errors at third base paved the way for a Roselle victory.

* * * * *

Ray Sandell . . . quarterback for the famous old Ravenswood independent football team . . . informs us that his brother, Willie Jr., is driving for the Hathaway Bakeries, Inc., calling on Mt. Prospect and Des Plaines trade.

* * * * *

The Lakota A. C. baseball team of Berwyn was no match for the local Arlington Red Wings last Sunday . . . being buried under an avalanche of base hits for an 18-2 count.

The Wings travel to Sycamore this week-end.

* * * * *

Apparently, the resounding cracks of Red Wing base hits carried over into Bensenville Sunday . . . the Bensenville-Edgewood nine catching the fever to pound out exactly twenty-five clean blows for a 26-6 win over the Melrose Braves . . . Charley Earhart and the rounding out Hack Grobe led the massacre with four hits apiece.

COOK COUNTY HERALD
FRIDAY, AUGUST 16, 1907

Mount Prospect
L. F. and Geo. Busse made hay for Ed. Busse.

L. W. Wille was surprised by the Band Boys Monday evening on his 30th birthday.

Alfred Soenksen fell in the pickle tank last week which was filled with salt water and pickles and would have drowned if Edwin Wille hadn't come to his rescue and pulled him out.

Mount Prospect Citizens' Comet

Band will give their first annual picnic in Schnell's grove, some time in September.

Palatine

Lillian Abelmann is spending two weeks in Springfield.

Ray L. Smith and wife have moved from Joplin, Mo., to Mayfair.

Mrs. E. F. Baker and sister and son, Guy, visited James Baker in Chicago, Friday.

Henry Pahlman and wife have gone on a two weeks trip to Pennsylvania and Toronto.

Chas. Dean drove the pacemaker for Dan Patch, who broke the track record at Galesburg, Tuesday in 1:56 3/4.

Henry Knigge recently erected a nobby gas light sign, at the back of his building, which makes a showy appearance at night.

I will open a kindergarten at my home beginning Sept. 2. Any parents, who have children between the ages of 3 and 6, may enter them at this time. The children will be taken to and from school during bad weather. At home Thursdays, Rose K. Converse.

Wm. Voss died of organic heart trouble at the Schaumburg Old Settlers' picnic, Sunday afternoon, Aug. 11, 1907.

Oliver Clausius and wife have moved here from Buffalo, N. Y., and taken rooms in the brick block. Miss Pauline lives with them.

Hanover

Schnadt & Thurnau are busy putting up gasoline engines of which they have sold a number during the season.

The stork seems to be very busy in this vicinity. Just now he brought a baby to Mr. and Mrs. Fred Hecht, Jr., last week Friday.

The barn, which was filled with hay on Lena Bode's farm, was destroyed by fire, Tuesday night, Aug. 6. It is believed it was struck by lightning during a thunder storm.

It is reported that operation is about to commence for the construction of the electric railway between Elgin and Chicago. This road will be built through Addison, Bloomingdale, Ontarioville and Bartlett.

Itasca

Miss Ida and Henry Gathmann attended camp meeting at Naperville, Sunday.

Roselle

Anna and Elsa Sauermann with their grandma returned home Monday after a week's visit at Aurora.

The marriage of Miss Ida Bokelman to Herman Albrecht, at the home of the bride, was a beautiful affair. About 35 families were invited.

At the last regular meeting of the village board, Mayor Hanson resigned.

Bensenville

Will Koebberman left Friday for

Alden, Iowa, to visit Warnecke Bros., a few days.

Edwin Franzen was most pleasantly surprised by a number of friends in honor of his 20th birthday.

Mrs. Emil Stellman, who was operated on for appendicitis at the Chicago German hospital, returned home Tuesday evening and is getting along nicely.

Arlington Heights

Arlington Stars defeated Maplewood Saturday, 19 to 9. This is their 7th consecutive victory this season.

Mr. and Mrs. Wm. F. Meyer and children, also Emil Meyer and wife, moved a pleasant half day at Lincoln Park, Monday.

Walter Krause left Monday for Wisconsin, to buy one or two loads of cows. He'll be back in a week or ten days. Watch for him.

Theodore Kreft, Herman Nebel, L. F. Mager and Herman Thake, with their wives, visited H. L. Scharringhausen and family at Highland Grove, Sunday.

Arlington Heights board of education at their last meeting, elected Miss Olive C. Cooper, of Pontiac, as assistant high school teacher.

Following is the complete corps of teachers for the coming year with their respective salaries:

Prof. D. W. Gamble, principal, \$1,000; Miss Olive Cooper, assistant, \$625; Miss Kampert, grades 6 and 7, \$500; Miss Ruth Gamble, grades 4 and 5, \$450; Miss Marie Muller, grades 2 and 3, \$550; Miss Sophie Thielgaard, grade 1, \$500; Miss Kunie Horcher, primary, \$650; total salaries for 10 months, \$3,275.

Alwin Scharringhausen and Geo. Schneberger had a very pleasant ride Wednesday, to visit their former school teacher, Miss Mattie L. Hodgkins, at Rockefeller.

An Old Capital City

Turin, Italy, is a city of wide, tree-lined avenues, imposing public buildings and shady colonnaded streets that served as a model for the Rue de Rivoli in Paris. It dates from early Roman times and was for centuries the capital city of the House of Savoy, now the royal family of Italy.

Where Pearls Come From

Salable pearls are never found in edible oysters. Those which have been discovered at rare intervals evidently were placed in the oysters for publicity purposes, says Collier's Weekly. Pearls of value come from the inedible "pearl oysters," which never are sold in the food markets of the world.

Barrington Festival Oct. 5 to 9

Charts and Exhibits Extolling Barrington With Change of Program Each Night.

The home advantages of Northwest suburban communities will be extolled through charts and exhibits as one of the features of the Barrington fall festival which will be conducted by the Lions club at Barrington October 5 to 9, inclusive. Scenic beauty, alluring home sites, educational and religious advantages, real estate opportunities, convenient railway and motor

transportation facilities for commuters and many other advantages of the communities from Park Ridge to Crystal Lake and from Elgin to Libertyville, will be forcefully but pleasantly presented to visitors at the festival.

To make the big show most attractive to guests, the central committee, of which the chairman is Martin H. Schreiber, district manager of the Public Service Co. of Northern Illinois, plans to have continuous free entertainment throughout the five October evenings the festival is in progress with a complete change every night.

This entertainment will not include carnival rides nor any honky-tonk. A dog show with pedigree prize winning animals, concerts by Barrington high school's national championship orchestra and band, programs by imported musicians indicate the quality of entertainment to be offered. Carefully planned commercial and industrial exhibits will be shown.

MORTON GROVE

Mrs. Lottie Sigel, a highly esteemed loving friend and neighbor, passed to her eternal rest August 18 at 12:30 a. m., after a long and lingering illness. She was operated upon in May, hoping to gain her health, but never fully recovered. She leaves to mourn her devoted husband, other relatives and a host of friends. She will be buried Saturday at 2:30 from Haben's Chapel, Niles Center, thence to Ridgewood cemetery.

Mr. and Mrs. Howard Yehl are the happy parents of a baby girl, born at St. Francis hospital, Aug. 19. Mother and baby are doing fine.

We are glad to hear that Mrs. Leo Wilke is doing so nicely, who underwent a major operation at St. Francis hospital where she is now convalescing.

Mr. and Mrs. L. Lauradsen, of Clifton, Ill., are spending the week end with Mrs. Lauradsen's daughter, Mrs. August Sonne.

The Ladies' Aid of Jerusalem church, spent Tuesday at Crystal Lake picnicking.

We are sorry to hear that Mr. Max Finke re broke his knee. At present he is at St. Francis hospital.

EAST MAINE

Mrs. John W. Kath and daughter, Frances, left here last Saturday via train bound for a short vacation in Colorado. They will visit friends there and plan to be gone at least a week.

Two new cars have lately put in appearances in the neighborhood. Mr. and Mrs. Nick Kner have a new Ford V-8, while the Vogt family on Greenwood avenue are proudly driving a new De Soto.

Mrs. Anna Schwinge, who was injured in a fall at the picnic of St. Matthew's church three weeks ago, has been taken to the St. Francis hospital in Evanston where it was learned the nature of her injuries was more serious than at first determined. However, her many friends are hoping she may be able to return home soon.

Mr. and Mrs. August Geweke and Clara and Mrs. John Jaacks motored to Wheaton Tuesday of this week to attend a picnic and outing there which included a visit and tour of the Chicago Tribune experimental farm.

The baseball boys are counting on your remembering their dance set for this Saturday evening, August 21 at Muellers in Morton Grove. Mel Borchardt will be at the music controls and one and all are welcome.

The Isle of Pines
The Isle of Pines, or Isla de Pinos, in the West Indies, is about thirty miles south of Cuba, of which it forms a part, belonging to Habana province. The island, discovered by Columbus in 1494, has an area of 1,200 square miles and a population of about 3,200. Nueva Gerona and Santa Fe are the largest towns.

Board Holds Vacation Meeting

If somebody had thought of it in time, the Arlington Heights village board might have taken a vacation this month and dispensed with the meeting August 16. With only half of the board present when the mayor called the meeting to order, the members informally discussed the business that was before them, which was not very much and took little time.

Hopes for the opening of Ridge avenue as an arterial street to Creamery Package plant, permitting the use of state gas funds for back due to inability to secure the necessary right of way. An effort might be made to use Miner, Walnut avenue and Eastman street for that purpose, but even the two latter are not the full width.

The village of Arlington Heights owns a four acre tract east of town for dumping purposes. An offer of a resident desiring clay fill, to excavate part of that four acres without cost for the privilege of using the clay taken out, brought out the fact that a survey of the four acre tract would be necessary to learn just how much of the land owned by the village has already been planted to tin cans, etc.

The park board, which needs some 8,000 yards of fill would have priority over any one individual.

E. F. Laurin in a letter to the board suggested that the appointment of an official auditor early in the year would facilitate the auditing work, simplify the work of the treasurer's office and save costs. The matter was held over for action until all members of the board are present.

The street committee was authorized to purchase another ten barrels of tar for use on streets. The committee also reported that Herman Piepenbrink had been hired to cut down the hill upon Central avenue.

The routine reports of the various committees were received.

Chicago Firemen Will Be Next Home Red Wings Game

The next home game of the Arlington Heights Red Wings will be Sunday, August 29, when the Chicago Firemen will be the visitors. The Red Wing management had to sign a rather heavy contract to get this team to come to Arlington, but is depending upon the loyal support of local fans to fill the park.

Next Sunday the Red Wings travel to Sycamore and will be glad to have as many fans as possible accompany them. The caravan will start from Recreation park.

BESSIE BRUFFETT
Cowgirl Evangelist Who Appears at Des Plaines Gospel Tent

Nationally-Known Cowgirl Evangelist In 2-Week Meeting

Evangelist Bessie Randall Bruffett comes to the Gospel Tent on Center street in Des Plaines for a two-week revival campaign beginning Sunday, August 22, at 7:30 p. m. and continuing nightly except Mondays until Sept. 5.

Bessie Bruffett possesses a colorful background. Born on a West Texas ranch near St. Angele, she was reared according to the best range tradition, and, as far as is known, is the only honest-to-goodness Cowgirl Evangelist on the revival platform today. While still in her teens, she won a beauty contest in her home town, Fort Worth, and was being groomed for a movie career when she was converted through her mother's prayers. Three months later she entered the ministry.

"I was not a 'down and outer' when God saved me, but an 'up and outer,'" she declares. Don't fail to hear the thrilling experiences of her ranch life along with the Gospel Message.

Big Pictures At Cool Des Plaines Theatre

The double feature attraction now showing at the Des Plaines Theatre is headed by the picture, "Manhattan Melodrama," starring Clark Gable, Myrna Loy and William Powell. The second of the two hits is "There Goes My Girl," a gay comedy romance starring Gene Raymond and Ann Sothern.

On Sunday, "This Is My Affair" is feature No. 1 on the twin bill. Robert Taylor and Barbara Stanwyck play the leads in this important production. Picture No. 2 is the new musical comedy hit "Pick a Star" featuring Patsy Kelly, Jack Haley, Lydia Roberti and Laurel and Hardy.
